

PARS-HUB-15000

Electrical Properties

Rated Output Power (W):	15000
Rated Speed (Rpm):	980
Nominal Voltage (V):	120
Efficiency (%):	82%
Maximum Output Power (W):	28000
Average Input Current (A):	131,27

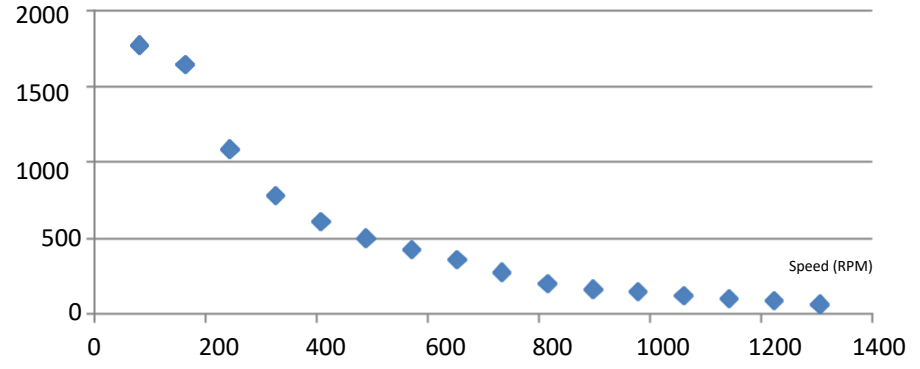

Mechanical Properties

Weight (Kg) :	33
Rotor Position :	Dış
Insulation :	Class H

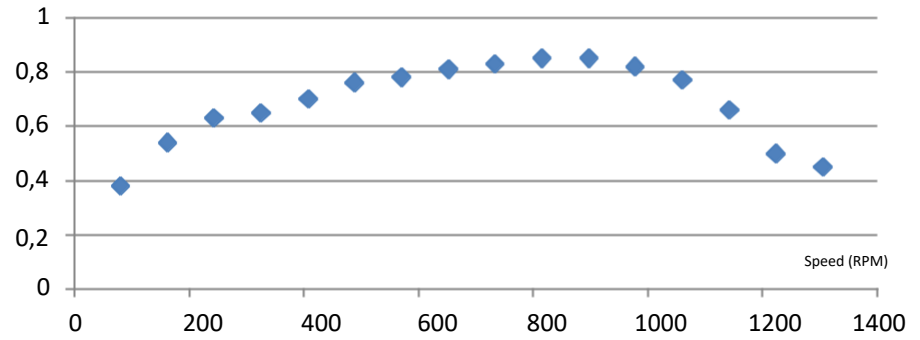

Material Properties

Shaft Materials :	High Standard Stainless Steel
Outer Frame Material	High Standard High Standard
Connectors (Nut/Bolt):	High Standard Stainless Steel

Torque [N.m]

Efficiency

Output Power [kW]
